EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation)

The European Communities (Motor Vehicles Type Approval) Regulations 1978 (S.I. No. 305 of 1978) implemented in Ireland those provisions of a number of European Community Directives which deal with the type approval of motor vehicles, their trailers and components. The relevant EC Directives are listed in the Schedule 1 to those Regulations.

Subsequent Regulations have been made amending S.I. No. 305 of 1978, the latest being the European Communities (Motor Vehicles Type Approval) (Amendment) Regulations, 2007 (S.I. No. 802 of 2007), which substituted a new schedule 1 to take account of certain type approval directives subsequently adopted.

These Regulations substitute a new Schedule 1, to include amendments pursuant to the following:

Directive 2006/81/EC relating to emission of gaseous and particulate pollutants from diesel or gas engines for use in vehicles.

Directive 2007/15/EC, relating to external projections on motor vehicles.

Directive 2007/34/EC, relating to the permissible sound level and the exhaust system of motor vehicles.

Directive 2007/35/EC, relating to the installation of lighting and light-signalling devices on motor vehicles and their trailers.
