EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

The effect of these Regulations is to designate a site as a Special Protection Area in accordance with Article 4 of the Directive. The geographical area of the Special Protection Area designated by these Regulations is defined by Schedule 1 (a map or maps of the area) and Schedule 2 (a list of the townlands in question / a description of the area). For more detailed maps than those contained in Schedule 1, or for greater detail on boundary delineation, contact should be made with the National Parks and Wildlife Service of the Department of Arts, Heritage and the Gaeltacht or by viewing the relevant text or map details on www.npws.ie.

The bird species cited in Schedule 3 of these Regulations are specified, in accordance with the Directive, in order to ensure their survival and reproduction in their area of distribution. Under Article 5 of the Directive all species of birds are afforded protection from disturbance, capture and damage to nests and eggs, not just the birds listed on Schedule 3 (with the exception of those birds covered under Articles 7 for hunting and 9, where derogations are listed).

Those operations or activities requiring the consent of the Minister listed at Schedule 4 to these Regulations are cited for their potential to cause disturbance or damage to the bird species and their habitats specified in Schedule 3 of these Regulations. Landowners or occupiers should contact the local National Parks and Wildlife Service office of the Department of Arts, Heritage and the Gaeltacht before undertaking any of the works listed at Schedule 4. (See www.npws.ie for contact details). Please note that operations/activities other than those listed at Schedule 4 to these Regulations, such as effluent discharge, construction work, aquaculture, fishing or forestry require a licence or permission from the appropriate consent authority.

These Regulations provide (Regulation 6) that contravention of the provisions of these Regulations shall constitute an offence. Regulation 6 also provides for penalties.
