- (5) Nothing in this Part shall be taken to affect—
- (a) the law relating to murder or manslaughter, or

- (2) In case of a change of the adult's habitual residence to another Contracting State, the authorities of the State of the new habitual residence have jurisdiction.

Article 6

- (1) For adults who are refugees and those who, due to disturbances occurring in their country, are internationally displaced, the authorities of the Contracting State on the territory of which these adults are present as a result of their displacement

have the jurisdiction provided for in Article 5, paragraph 1.

- (2) The provisions of the preceding paragraph also apply to adults whose habitual residence cannot be established.

Article 7

- (1) Except for adults who are refugees or who, due to disturbances occurring in their State of nationality, are internationally displaced, the authorities of a Contracting State of which the adult is a national have jurisdiction to take measures for the protection of the person or property of the adult if they consider that they are in a better position to assess the interests of the adult, and after advising the authorities having jurisdiction under Article 5 or Article 6, paragraph 2.
- (2) This jurisdiction shall not be exercised if the authorities having jurisdiction under Article 5, Article 6, paragraph 2, or Article 8 have informed the authorities of the State of which the adult is a national that they have taken the measures required by the situation or have decided that no measures should be taken or that proceedings are pending before them.
- (3) The measures taken under paragraph 1 shall lapse as soon as the authorities having jurisdiction under Article 5, Article 6, paragraph 2, or Article 8 have taken measures required by the situation or have decided that no measures are to be taken. These authorities shall inform accordingly the authorities which have taken measures in accordance with paragraph 1.

Article 8

- (1) The authorities of a Contracting State having jurisdiction under Article 5 or Article 6, if they consider that such is in the interests of the adult, may, on their own motion or on an application by the authority of another Contracting State, request the authorities of one of the States mentioned in paragraph 2 to take measures for the protection of the person or property of the adult. The request may relate to all or some aspects of such protection.
- (2) The Contracting States whose authorities may be addressed as provided in the preceding paragraph are—
 - a) a State of which the adult is a national;
 - b) the State of the preceding habitual residence of the adult;
 - c) a State in which property of the adult is located;
 - d) the State whose authorities have been chosen in writing by the adult to take measures directed to his or her protection;
 - e) the State of the habitual residence of a person close to the adult prepared to undertake his or her protection;
 - f) the State in whose territory the adult is present, with regard to the protection of the person of the adult.
- (3) In case the authority designated pursuant to the preceding paragraphs does not accept its jurisdiction, the authorities of the Contracting State having jurisdiction

under Article 5 or Article 6 retain jurisdiction.

Article 9

The authorities of a Contracting State where property of the adult is situated have jurisdiction to take measures of protection concerning that property, to the extent that such measures are compatible with those taken by the authorities having jurisdiction under Articles 5 to 8.

Article 10

- (1) In all cases of urgency, the authorities of any Contracting State in whose territory the adult or property belonging to the adult is present have jurisdiction to take any necessary measures of protection.
- (2) The measures taken under the preceding paragraph with regard to an adult habitually resident in a Contracting State shall lapse as soon as the authorities which have jurisdiction under Articles 5 to 9 have taken the measures required by the situation.
- (3) The measures taken under paragraph 1 with regard to an adult who is habitually resident in a non-Contracting State shall lapse in each Contracting State as soon as measures required by the situation and taken by the authorities of another State are recognised in the Contracting State in question.
- (4) The authorities which have taken measures under paragraph 1 shall, if possible, inform the authorities of the Contracting State of the habitual residence of the adult of the measures taken.

Article 11

- (1) By way of exception, the authorities of a Contracting State in whose territory the adult is present have jurisdiction to take measures of a temporary character for the protection of the person of the adult which have a territorial effect limited to the State in question, in so far as such measures are compatible with those already taken by the authorities which have jurisdiction under Articles 5 to 8, and after advising the authorities having jurisdiction under Article 5.
- (2) The measures taken under the preceding paragraph with regard to an adult habitually resident in a Contracting State shall lapse as soon as the authorities which have jurisdiction under Articles 5 to 8 have taken a decision in respect of the measures of protection which may be required by the situation.

Article 12

Subject to Article 7, paragraph 3, the measures taken in application of Articles 5 to 9 remain in force according to their terms, even if a change of circumstances has eliminated the basis upon which jurisdiction was founded, so long as the authorities which have jurisdiction under the Convention have not modified, replaced or terminated such measures.

CHAPTER III — APPLICABLE LAW

Article 13

- (1) In exercising their jurisdiction under the provisions of Chapter II, the authorities

of the Contracting States shall apply their own law.

- (2) However, in so far as the protection of the person or the property of the adult requires, they may exceptionally apply or take into consideration the law of another State with which the situation has a substantial connection.

Article 14

Where a measure taken in one Contracting State is implemented in another Contracting State, the conditions of its implementation are governed by the law of that other State.

Article 15

- (1) The existence, extent, modification and extinction of powers of representation granted by an adult, either under an agreement or by a unilateral act, to be exercised when such adult is not in a position to protect his or her interests, are governed by the law of the State of the adult's habitual residence at the time of the agreement or act, unless one of the laws mentioned in paragraph 2 has been designated expressly in writing.
- (2) The States whose laws may be designated are—
 - a) a State of which the adult is a national;
 - b) the State of a former habitual residence of the adult;
 - c) a State in which property of the adult is located, with respect to that property.
- (3) The manner of exercise of such powers of representation is governed by the law of the State in which they are exercised.

Article 16

Where powers of representation referred to in Article 15 are not exercised in a manner sufficient to guarantee the protection of the person or property of the adult, they may be withdrawn or modified by measures taken by an authority having jurisdiction under the Convention. Where such powers of representation are withdrawn or modified, the law referred to in Article 15 should be taken into consideration to the extent possible.

Article 17

- (1) The validity of a transaction entered into between a third party and another person who would be entitled to act as the adult's representative under the law of the State where the transaction was concluded cannot be contested, and the third party cannot be held liable, on the sole ground that the other person was not entitled to act as the adult's representative under the law designated by the provisions of this Chapter, unless the third party knew or should have known that such capacity was governed by the latter law.
- (2) The preceding paragraph applies only if the transaction was entered into between persons present on the territory of the same State.

Article 18

The provisions of this Chapter apply even if the law designated by them is the law of

a non-Contracting State.

Article 19

In this Chapter the term ‘law’ means the law in force in a State other than its choice of law rules.

Article 20

This Chapter does not prevent the application of those provisions of the law of the State in which the adult is to be protected where the application of such provisions is mandatory whatever law would otherwise be applicable.

Article 21

The application of the law designated by the provisions of this Chapter can be refused only if this application would be manifestly contrary to public policy.

CHAPTER IV — RECOGNITION AND ENFORCEMENT

Article 22

- (1) The measures taken by the authorities of a Contracting State shall be recognised by operation of law in all other Contracting States.
- (2) Recognition may however be refused—

 - b) if the measure was taken, except in a case of urgency, in the context of a judicial or administrative proceeding, without the adult having been provided the opportunity to be heard, in violation of fundamental principles of procedure of the requested State;
 - c) if such recognition is manifestly contrary to public policy of the requested State, or conflicts with a provision of the law of that State which is mandatory whatever law would otherwise be applicable;
 - d) if the measure is incompatible with a later measure taken in a non-Contracting State which would have had jurisdiction under Articles 5 to 9, where this later measure fulfils the requirements for recognition in the requested State;
 - e) if the procedure provided in Article 33 has not been complied with.

Article 23

Without prejudice to Article 22, paragraph 1, any interested person may request from the competent authorities of a Contracting State that they decide on the recognition or non-recognition of a measure taken in another Contracting State. The procedure is governed by the law of the requested State.

Article 24

The authority of the requested State is bound by the findings of fact on which the authority of the State where the measure was taken based its jurisdiction.

Article 25

- (1) If measures taken in one Contracting State and enforceable there require enforcement in another Contracting State, they shall, upon request by an interested party, be declared enforceable or registered for the purpose of enforcement in that other State according to the procedure provided in the law of the latter State.
- (2) Each Contracting State shall apply to the declaration of enforceability or registration a simple and rapid procedure.
- (3) The declaration of enforceability or registration may be refused only for one of the reasons set out in Article 22, paragraph 2.

Article 26

Without prejudice to such review as is necessary in the application of the preceding Articles, there shall be no review of the merits of the measure taken.

Article 27

Measures taken in one Contracting State and declared enforceable, or registered for the purpose of enforcement, in another Contracting State shall be enforced in the latter State as if they had been taken by the authorities of that State. Enforcement takes place in accordance with the law of the requested State to the extent provided by such law.

CHAPTER V — CO-OPERATION

Article 28

- (1) A Contracting State shall designate a Central Authority to discharge the duties which are imposed by the Convention on such authorities.
- (2) Federal States, States with more than one system of law or States having autonomous territorial units shall be free to appoint more than one Central Authority and to specify the territorial or personal extent of their functions. Where a State has appointed more than one Central Authority, it shall designate the Central Authority to which any communication may be addressed for transmission to the appropriate Central Authority within that State.

Article 29

- (1) Central Authorities shall co-operate with each other and promote co-operation amongst the competent authorities in their States to achieve the purposes of the Convention.
- (2) They shall, in connection with the application of the Convention, take appropriate steps to provide information as to the laws of, and services available in, their States relating to the protection of adults.

The competent authorities of a Contracting State may encourage, either directly or through other bodies, the use of mediation, conciliation or similar means to achieve agreed solutions for the protection of the person or property of the adult in situations to which the Convention applies.

Article 32

- (1) Where a measure of protection is contemplated, the competent authorities under the Convention, if the situation of the adult so requires, may request any authority of another Contracting State which has information relevant to the protection of the adult to communicate such information.
- (2) A Contracting State may declare that requests under paragraph 1 shall be communicated to its authorities only through its Central Authority.
- (3) The competent authorities of a Contracting State may request the authorities of another Contracting State to assist in the implementation of measures of protection taken under this Convention.

Article 33

- (1) If an authority having jurisdiction under Articles 5 to 8 contemplates the placement of the adult in an establishment or other place where protection can be provided, and if such placement is to take place in another Contracting State, it shall first consult with the Central Authority or other competent authority of the latter State. To that effect it shall transmit a report on the adult together with the reasons for the proposed placement.
- (2) The decision on the placement may not be made in the requesting State if the Central Authority or other competent authority of the requested State indicates its opposition within a reasonable time.

Article 34

In any case where the adult is exposed to a serious danger, the competent authorities of the Contracting State where measures for the protection of the adult have been taken or are under consideration, if they are informed that the adult's residence has changed to, or that the adult is present in, another State, shall inform the authorities of that other State about the danger involved and the measures taken or under consideration.

Article 35

An authority shall not request or transmit any information under this Chapter if to do so would, in its opinion, be likely to place the adult's person or property in danger, or constitute a serious threat to the liberty or life of a member of the adult's family.

Article 36

- (1) Without prejudice to the possibility of imposing reasonable charges for the provision of services, Central Authorities and other public authorities of Contracting States shall bear their own costs in applying the provisions of this Chapter.
- (2) Any Contracting State may enter into agreements with one or more other Contracting States concerning the allocation of charges.

Article 37

Any Contracting State may enter into agreements with one or more other Contracting States with a view to improving the application of this Chapter in their mutual relations. The States which have concluded such an agreement shall transmit a copy to the depositary of the Convention.

CHAPTER VI — GENERAL PROVISIONS

- (2) The capacity and powers indicated in the certificate are presumed to be vested in that person as of the date of the certificate, in the absence of proof to the contrary.

Article 45
