EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

These Regulations provide for offences, penalties, powers of inspection as well as the empowerment of recognised organisations, as required by Regulation (EU) 1257/2013 of the European Parliament and of the Council of 20 November 2013 on ship recycling and amending Regulation (EC) No 1013/2006 and Directive 2009/16/EC.

Regulation (EU) 1257/2013 provides for the reduction of the negative impacts linked to the recycling of ships flying the flag of Member States, including the prevention and minimisation of adverse effects to human safety and the environment caused by ship recycling. It deals with both maritime environment and land side aspects of ship recycling. The land side aspects to Regulation (EU) 1257/2013 are a matter for the Minister for Communications, Climate Action and Environment.
