No. 30 of 1977) (as adapted by the Communications, Climate Action and Environment (Alteration of Name of Department and Title of Minister) Order 2020 (S.I. No. 373 of 2020)), hereby order as follows:

1. This Order may be cited as the Control of Fishing for Salmon Order 2021.

2. (1) In this Order -

“draft net” has the meaning assigned to it by the Fisheries (Consolidation) Act 1959 (No. 14 of 1959);

“IFI” means Inland Fisheries Ireland;

“illness or injury” means illness or injury other than illness or injury that renders a person totally incapacitated by physical or mental infirmity from maintaining himself or herself;

“snap net” includes a single wall of netting attached to a head rope and a weighted ground rope, designed to suspend between two boats and into which the catch is drawn, for the purpose of taking or fishing for, or attempting to take or to fish for, salmon.

(2) In this order a reference to a fishing engine is a reference to a fishing engine for the taking of salmon.

3. This Order applies to -

(a) the waters of the fishery districts referred to in column (1) of Schedule 1, and

(b) fishing licences for any kind of fishing engine, except for fishing licences in respect of a rod and line.
4. (1) A person who has formally accepted an offer under the Salmon Hardship Scheme is not eligible to apply for a fishing licence under this Order.

(2) In this Article “Salmon Hardship Scheme” means the scheme established by the Government Decision of 1 November 2006 to assist commercial salmon fishermen who previously fished in areas that have been closed for conservation reasons and commercial salmon fishermen who cease to fish for salmon.

5. (1) Subject to paragraph (3), the maximum number of fishing licences which IFI may issue in any year for the fishery district specified in column (1) of Schedule 1, for the kind of fishing engine specified in column (2) of that Schedule opposite that entry in column (1), shall not exceed the number specified in column (3) of that Schedule opposite that entry in column (1).

(2) IFI shall not issue a fishing licence for a fishery for any kind of fishing engine which is not specified in column (2) of Schedule 1 opposite the entry in column (1) of that Schedule.

(3) (a) Subject to paragraph (b), the maximum number of fishing licences for any kind of fishing engine issued in respect of a fishery district in any year shall not exceed the average number of fishing licences issued for that fishery district in the previous 3 years when such licences were issued for that fishery district, where the average number is the total number of such licences issued in those 3 years divided by 3.

(b) The maximum number of fishing engines referred to as draft net (special tidal waters) in column (2) of Schedule 1 opposite the reference to the fishery district of No. 10 or Bangor District in column (1) of Schedule 1 issued in any year shall be based on the average number of fishing licences taken out and fished in the previous 3 years in which fishing licences were issued for the Owenmore River and Owenduff River in the No. 10 or Bangor District.

(4) IFI shall not issue a fishing licence for any kind of fishing engine -

(a) to the person paying the licence duty on such engine, or

(b) if the licence operates to authorise the use of the engine to which it relates by any person named in the licence, to the person so named,
