(2) The Chief Executive shall not be a member of a Section 23 Committee.

(3) Each Committee shall number at least 3 persons, 2 of whom are directors of the Authority.

(4) The quorum necessary for the transaction of business by a Section 23 Committee may be fixed by the Authority and, unless so fixed, shall be three, provided that three persons are personally present, that the majority of persons present are not members of a prescribed accountancy body and that at least one person present is a director of the Authority.

(5) A Chairperson of a Section 23 Committee shall be appointed by the Chairperson of the Authority.

(6) Any decision of a Section 23 Committee shall be decided by a majority of votes. In case of an equality of votes, the Chairperson of the Committee shall have a second or casting vote.

(7) No serving member of the governing body of any prescribed accountancy body, or any officer or employee of any of the prescribed accountancy bodies, may be appointed to a Section 23 Committee.

(8) No person who may have (or may appear to have) any interest in the outcome of the enquiry or any relationship with any party to the matters which

are the subject of the enquiry which may create, or appear to create, a conflict of interest may be appointed to a Section 23 Committee.

(9) Any person who served as a member of the Preliminary Enquiry Committee may not be appointed as a member of the Enquiry Committee with respect to the same enquiry.

(10) No person who is a member of the prescribed accountancy body that is the subject of the enquiry may be appointed to a Section 23 Committee involved in such matter.

(11) The Secretary to the Authority or another person selected and appointed by the Authority may act as Secretary to a Section 23 Committee.

Preliminary Enquiry Committee

4. (1) Where the Authority has reason to believe that a prescribed accountancy body may have failed to comply with its approved investigation and disciplinary procedures, the Authority may appoint a Committee (a “Preliminary Enquiry Committee”) to determine whether the Authority should initiate a full enquiry into:

- (a) a decision by that body not to undertake an investigation into a possible breach of its standards by a member;
- (b) the conduct of an investigation by that body into a possible breach of its standards by a member; or
- (c) any other decision of that body relating to a possible breach of its standards by a member.

(2) In appointing such a Preliminary Enquiry Committee, the Authority shall be deemed to have delegated to that Preliminary Enquiry Committee such of its functions and powers under section 23 of the Act as are required by the Preliminary Enquiry Committee to conduct the functions for which these Regulations provide, up to the point of making such a determination.

(3) A full enquiry will be initiated where a Preliminary Enquiry Committee determines that:

- (a) there is a *prima facie* case that a prescribed accountancy body has failed to comply with its approved investigation and disciplinary procedures; and
- (b) the circumstances of the matter are such as to warrant the initiation of a full enquiry by the Authority.

(4) Where a Preliminary Enquiry Committee forms the view that the matter under investigation is better dealt with by way of supervisory action by the Authority rather than through the initiation of a full enquiry, it will report its view and the facts and circumstances of the matter to the Authority and the Authority may, if it considers it appropriate to do so, direct that the Preliminary

Enquiry Committee report such facts and circumstances to the Chief Executive and the Head of Regulatory & Monitoring Supervision.

(5) If, in the course of considering whether there is a *prima facie* case that a prescribed accountancy body has failed to comply with its approved investigation and disciplinary procedures and whether a full enquiry should be initiated, a Preliminary Enquiry Committee discovers facts or circumstances which appear to warrant examination but which are outside of the scope of its remit, the Preliminary Enquiry Committee will report such facts and circumstances to the Authority and the Authority may, provided such matters fall within the scope of section 23 of the Act, direct in writing that the scope of the preliminary enquiry shall include such facts or circumstances and shall inform the prescribed accountancy body accordingly.

(6) A Preliminary Enquiry Committee shall notify the prescribed accountancy body involved of its appointment and of the initiation of the preliminary enquiry.

(7) A Preliminary Enquiry Committee shall notify all members of the prescribed accountancy body who were the subject of the decision(s) of the prescribed accountancy body under examination, and may, if considered appropriate and in accordance with law, inform the complainant, if any, of the appointment of the Preliminary Enquiry Committee, of the initiation of the preliminary enquiry and of any extension of the scope of the preliminary enquiry made under paragraph (5), if such extension is relevant to such members and complainant, if any.

(8) A Preliminary Enquiry Committee shall, prior to making a determination under paragraph (3), provide the prescribed accountancy body that is the subject of the preliminary enquiry, and all members of the prescribed accountancy body who were the subject of the decision(s) under examination, with:

- (a) the grounds upon which the preliminary enquiry has been initiated;
- (b) any relevant information about such grounds; and
- (c) an opportunity to comment in writing on such grounds and information, if any.

(9) To assist a Preliminary Enquiry Committee in determining whether there is a *prima facie* case that a prescribed accountancy body has failed to comply with its approved investigation and disciplinary procedures and whether a full enquiry should be initiated, the Committee may:

- (a) inspect and make copies of all relevant documents in the possession or control of the prescribed accountancy body;
- (b) require the prescribed accountancy body to explain why it reached a decision not to undertake an investigation into a possible breach of its standards by a member or any other decision of that body relating to a possible breach of its standards by a member; and

- (c) if a prescribed accountancy body conducted an investigation, require it to explain how it conducted its investigation.

(10) A Preliminary Enquiry Committee may also consider any submissions made to it during its preliminary enquiry by any person (including a complainant, a prescribed accountancy body or a member) if it determines that such submissions are relevant to the matters at issue. It is not possible, however, to guarantee the anonymity of, or the confidentiality of a submission received from, any person, including a complainant, who participates in the preliminary enquiry.

(11) On the completion of its preliminary enquiry, a Preliminary Enquiry Committee shall notify the Authority and the prescribed accountancy body and the affected members of its determination under paragraph (3).

(12) Confidential information provided by a Preliminary Enquiry Committee to any person, including a prescribed accountancy body or a member under these Regulations, and any confidential information submitted by any person to the Preliminary Enquiry Committee under these Regulations, shall remain confidential and shall be treated as information the disclosure of which to any other party is governed by the provisions of section 31 of the Act.

Enquiry Committee

5. (1) Where a Preliminary Enquiry Committee notifies the Authority of its determination that there is a *prima facie* case that a prescribed accountancy body has failed to comply with its approved investigation and disciplinary procedures and that the Authority should initiate a full enquiry, the Authority shall appoint a Committee to conduct the full enquiry on behalf of the Authority (an “Enquiry Committee”).

(2) In establishing such an Enquiry Committee, the Authority shall be deemed to have delegated to that Enquiry Committee such of its functions and powers under section 23 of the Act as are required by the Enquiry Committee to conduct the full enquiry for which these Regulations provide.

(3) An Enquiry Committee shall issue a Notice to the prescribed accountancy body and to all members who were the subject of the relevant decision(s) of the prescribed accountancy body setting out:

- (a) the scope of the full enquiry;
- (b) formal notification of the Authority’s decision to establish an Enquiry Committee and the composition of the Committee;
- (c) all documents and any other material that will be presented to the Enquiry Committee by the Preliminary Enquiry Committee;
- (d) the Authority’s powers of enquiry, including its powers to:
 - (i) inspect and make copies of all relevant documents in the possession or control of the prescribed accountancy body;

(ii) require the prescribed accountancy body to explain why it reached a decision or to explain how it conducted its investigation;

(iii) conduct oral hearings;

(e) a statement to the effect that, within a reasonable period of time, as specified by the Enquiry Committee in the Notice, the prescribed accountancy body and/or a member may make submissions in writing to the Enquiry Committee and request the Enquiry Committee to be permitted to make oral submissions about the matters to which the Notice relates; and

(f) a statement that the Enquiry Committee shall conduct the enquiry irrespective of whether submissions referred to in subparagraph (e) above are made.

(4) An Enquiry Committee may, if considered appropriate and in accordance with law, notify any other relevant person, including a complainant, if any, of the appointment of the Enquiry Committee and of the initiation of the full enquiry.

(5) An Enquiry Committee shall conduct a full enquiry into whether the relevant prescribed accountancy body has failed to comply with its approved investigation and disciplinary procedures and, if the Enquiry Committee makes an adverse finding under Regulation 11(1), shall determine what sanctions, if any, to impose under these Regulations.

(6) Confidential information provided in confidence by an Enquiry Committee to any person, including a prescribed accountancy body or a member under these Regulations, and any confidential information submitted by any person to the Enquiry Committee under these Regulations shall remain confidential and shall be treated as information the disclosure of which to any other party is governed by the provisions of section 31 of the Act.

Appointment of Legal Advisers

6. The Authority may appoint a legal adviser or advisers to provide assistance to a Section 23 Committee, to bring evidence against the prescribed accountancy body the subject of the preliminary or full enquiry before a Section 23 Committee and, if necessary, to act as petitioner (before the Enquiry Committee) or respondent (before the High Court on any appeal). A legal adviser may also examine witnesses, participate in any oral hearing and perform any other functions necessary or as required for the conduct of the enquiry.

Conduct of the full Enquiry

7. (1) An Enquiry Committee established under these Regulations shall consider any submissions made by the relevant prescribed accountancy body and by members who were the subject of the decision(s) of the prescribed accountancy body concerned and may conduct such investigations relating to the full enquiry as the Enquiry Committee considers appropriate before issuing its decision.

(2) An Enquiry Committee may also consider any submissions made to it during the full enquiry by any other person (including a complainant) if it determines that such submissions are relevant to the matters at issue. It is not possible, however, to guarantee the anonymity of, or the confidentiality of a submission received from, any person, including a complainant who participates in the full enquiry.

(3) A prescribed accountancy body, and members who were the subject of the decision(s) of the prescribed accountancy body which is/are the subject of the enquiry, may submit any statement or information in answer to the charge(s) within the time provided by the Enquiry Committee, which shall be reasonable under the circumstances.

(4) An Enquiry Committee may—

- (a) inspect and make copies of all relevant documents in the possession or control of the prescribed accountancy body;
- (b) require the prescribed accountancy body to explain why it reached a decision not to undertake an investigation into a possible breach of its standards by a member, or any other decision of that body relating to a possible breach of its standards by a member;
- (c) if a prescribed accountancy body conducted an investigation, require it to explain how it conducted its investigation; and
- (d) conduct oral hearings.

(5) The Enquiry Committee may take into account any relevant information, whether or not such information would be admissible in a court. The strict rules of evidence do not apply to the full enquiry, although the Enquiry Committee will employ fair procedures.

Investigations under Section 24

8. (1) If, at any time during a preliminary enquiry or before completing a full enquiry under these procedures, it appears to a Section 23 Committee that it may be appropriate or in the public interest that the matter in question be investigated under section 24 of the Act, the Committee shall so inform the Authority.

(2) If the Authority decides that it is appropriate or in the public interest to investigate the matter under section 24 and that an application to the High Court will be made, the Section 23 Committee in question shall cease its enquiry.

(3) If the Authority decides that the matter should not be investigated under section 24, the Section 23 Committee in question shall resume its enquiry.

(4) Directors of the Authority that are members of the Section 23 Committee in question shall take no part in any consideration by the Authority as to whether a matter within the remit of such Committee should be investigated under section 24 of the Act.

Oral Hearings

9. (1) As provided for by section 28(1) of the Act, an Enquiry Committee may conduct an oral hearing at its own behest or upon the reasonable request of the prescribed accountancy body that is the subject of the enquiry if it considers that an oral hearing is necessary and appropriate in order to conduct the enquiry.

(2) Oral hearings shall sit in public but an Enquiry Committee may, at its sole discretion, exclude the public from all or part of a hearing to the extent it considers it necessary, for example, where, in the opinion of the Enquiry Committee, the circumstances are such that holding an oral hearing, or part thereof, in public would prejudice the interests of justice or adversely affect the rights of a third party.

(3) Any member of an Enquiry Committee who is absent during an oral hearing shall not take part in the deliberations on, and the making of, the decision of the Enquiry Committee.

(4) Where an oral hearing is taking place, an Enquiry Committee will, save as may be appropriate, permit the prescribed accountancy body or any other person who participates in the proceedings:
