EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation)

Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds provides for the conservation of wild birds by, among other things, classifying important ornithological sites as Special Protection Areas for them. The effect of these Regulations is to designate a site as a Special Protection Area in accordance with Article 4 of the Directive and to provide that contravention of the provisions of these Regulations shall be an offence.

The area now known as the Mid-Clare Coast SPA consists of an amalgamation of two pre-existing SPAs: Mutton Island (Site Code 004070) and Mattle Island (Site Code 004071). These areas were protected under Paragraphs 62 and 63 of the Schedule to the European Communities (Conservation of Wild Birds) Regulations 1985 (S.I. No. 291 of 1985) which are being revoked and replaced by these Regulations. The area will now be known as the Mid-Clare Coast SPA.

Under Article 5 of the Directive all species of birds are afforded protection from disturbance, capture and damage to nests and eggs, not just the birds listed in Schedule 3 (with the exception of those birds covered under Articles 7 for hunting, and Article 9 where derogations are listed).

Please note that operations/activities other than those listed at Schedule 4 to these Regulations, such as effluent discharge, planning permission, aquaculture, fishery or forestry require a licence or permission from the appropriate consent authority.
