Basic rules on transfer pricing

835C. (1) Subject to this Part, this section applies to any arrangement—

- (a) involving the supply and acquisition of goods, services, money, assets (including intangible assets) or anything else of commercial value,
- (b) where, at the time of the supply and acquisition, the person making the supply (in this Part referred to as the ‘supplier’) and the person making the acquisition (in this Part referred to as the ‘acquirer’) are associated, and
- (c) the profits or gains or losses arising from the relevant activities are within the charge to tax in the case of either the supplier or the acquirer or both.

- (2) (a) If the amount of the consideration payable (in this Part referred to as the ‘actual consideration payable’) for an acquisition under any arrangement to which this section applies exceeds the arm’s length amount, then the profits or gains or losses of the acquirer that are chargeable to tax shall be computed as if the arm’s length amount were payable instead of the actual consideration payable.
- (b) If the amount of the consideration receivable (in this Part referred to as the ‘actual consideration receivable’) for a supply under any arrangement to which this section applies is less than the arm’s length amount, then the profits or gains or losses of the supplier that are chargeable to tax shall be computed as if the arm’s length amount were receivable instead of the actual consideration receivable.
- (3) In this section the ‘arm’s length amount’ of consideration for a supply and acquisition under an arrangement refers to the amount of consideration that independent parties dealing at arm’s length would have agreed in relation to the supply and acquisition and subsections (4) and (5) shall apply for the purposes of determining the amount of that consideration.
- (4) The arm’s length amount of consideration for a supply and acquisition under an arrangement shall be determined by—
- (a) identifying the actual commercial or financial relations between the supplier and the acquirer and the conditions and economically relevant circumstances attaching to those relations (the ‘identified arrangement’), and
- (b) applying the transfer pricing method set out in the transfer pricing guidelines (as defined in section 835D) that is, in the circumstances, the most appropriate so as to determine the arm’s length amount of consideration for the identified arrangement.
- (5) For the purposes of subsection (4)(a)—
- (a) the identified arrangement shall be based on the substance of the commercial or financial relations between the supplier and the acquirer where the form of the arrangement is inconsistent with the substance of those relations,
- (b) if the identified arrangement, viewed in its totality, differs from that which would have been adopted by independent parties behaving in a commercially rational manner in comparable circumstances then, pursuant to the principles set out in Chapter I, D.2 of the transfer pricing guidelines, the identified arrangement shall be—
- (i) disregarded (and, for the purposes of subsection (2)(a), the profits or gains or losses that are chargeable to tax of a relevant person who is an acquirer in relation to that disregarded

arrangement, shall be computed as if, instead of the actual consideration payable under the arrangement, no consideration were payable), or

- (ii) replaced by an alternative arrangement that achieves a commercially rational expected result (and such replacement alternative arrangement shall be regarded as the identified arrangement accordingly).
- (6) The reference to a supply or acquisition of an asset in subsection (1)(a) shall, in relation to a chargeable asset, include a disposal or acquisition, as the case may be, of the chargeable asset and, without prejudice to the generality of the foregoing, any reference in section 835HB to a disposal of a chargeable asset shall for the purposes of this Part be construed as being a reference to a supply of the asset.
- (7) Where the actual consideration payable under an arrangement exceeds the arm's length amount and any amount of that excess is treated as a distribution under any provision of the Tax Acts, then for the purposes of computing the amount of profits or gains or losses of the acquirer that are chargeable to tax under Schedule D, subsection (2)(a) shall apply as if the reference in that subsection to the actual consideration payable were a reference to an amount equal to the actual consideration payable less the amount treated as a distribution and the references to the actual consideration payable by the first-mentioned person in subsections (1)(a) and (3) of section 835H shall be construed accordingly.
- (8) This section shall not apply to an arrangement involving a sale or transfer of trading stock to which section 89(4) applies.

- (b) the Revised Guidance on the Application of the Transactional Profit Split Method: Inclusive Framework on BEPS: Actions 8-10, OECD/G20 Base Erosion and Profit Shifting Project, OECD, Paris - approved on 4 June 2018 by the group known as the Inclusive Framework on Base Erosion and Profit Shifting, and
 - (c) such additional guidance, published by the OECD on or after the date of the passing of the *Finance Act 2019*, as may be designated by the Minister for Finance for the purposes of this Part by order made under subsection (3).
- (2) For the purpose of computing profits or gains or losses chargeable to tax, this Part shall be construed to ensure, as far as practicable, consistency between—
- (a) the effect which is to be given to section 835C, and
 - (b) the effect which, in accordance with the transfer pricing guidelines, would be given if double taxation relief arrangements incorporating Article 9(1) of the OECD Model Tax Convention applied to the computation of the profits or gains or losses, regardless of whether such double taxation relief arrangements actually apply,
- but this section shall not apply for the purposes of construing this Part to the extent that such application of the section would be contrary to the provisions of double taxation relief arrangements that apply to the computation of those profits or gains or losses.
- (3) The Minister for Finance may, for the purposes of this Part, by order designate any additional guidance referred to in paragraph (c) of the definition of ‘transfer pricing guidelines’ in subsection (1) as being comprised in the transfer pricing guidelines.
- (4) Every order made by the Minister for Finance under subsection (3) shall be laid before Dáil Éireann as soon as may be after it is made and, if a resolution annulling the order is passed by Dáil Éireann within the next 21 days on which Dáil Éireann has sat after the order is laid before it, the order shall be annulled accordingly, but without prejudice to the validity of anything previously done thereunder.

- (4) Subsection (3) shall not apply in the case of an arrangement involving a supplier and an acquirer who are qualifying relevant persons (in this subsection referred to as the ‘first-mentioned arrangement’) which is made as part of, or in connection with any scheme involving the acquirer in relation to the first-mentioned arrangement, or a person associated with the acquirer, entering into an arrangement with a person or persons who are not qualifying relevant persons (in this subsection referred to as the ‘second-mentioned arrangement’) and the sole or main purpose of the first-mentioned arrangement is to directly or indirectly obtain a tax advantage in connection with the second-mentioned arrangement.

- (b) the other party (in this section referred to as the ‘affected person’) to the arrangement is within the charge to tax under Schedule D in respect of the profits or gains or losses arising from the relevant activities,

then, subject to subsections (2) and (3), on the making of a claim by the affected person, the profits or gains or losses of the affected person arising from the relevant activities that are chargeable to tax under Schedule D shall be computed as if, instead of the actual consideration receivable or payable by the affected person under the terms of the arrangement, the arm’s length amount (determined in accordance with section 835C) in relation to that arrangement were receivable or payable, as the case may be.

- (iii) the persons referred to in subparagraph (i) jointly elect that this section shall apply,

then section 835C and this section shall not apply in relation to that arrangement.

 - (v) section 633A,
 - (vi) section 702(2), or
 - (vii) paragraph 5(2) of Schedule 17,
as having been acquired for a consideration of such amount as would secure that on the disposal neither a gain nor a loss would accrue to the person making the disposal,
 - (c) the asset is transferred in the course of a conversion of a building society into a successor company to which paragraph 3(1) of Schedule 16 applies,
 - (d) section 606(2) applies in relation to the disposal of the asset, or

(II) the amount of any allowable loss arising to the supplier on a disposal referred to in clause (I) being higher,

or

- (2) A financial instrument deduction without inclusion mismatch outcome shall be neutralised as follows:
- (a) where the State is the payer territory, notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, the payer shall be denied a deduction for the payment for the purposes of domestic tax, to the extent a corresponding amount has not been included for the purposes of foreign tax;

calculating the amount on which the payee is charged to tax, that provision shall be disapplied, insofar as it provides for the non-inclusion, and

- (II) in any other case, the payee shall be charged to tax under Case IV of Schedule D, in respect of the amount of the deduction, in the first of the payee's tax periods to commence within twelve months of the end of the payer's tax period in which the deduction occurred.

 - (i) the territory in which the hybrid entity is established, and
 - (ii) the territory in which the participator concerned is established.
- (2) A payment to a hybrid entity deduction without inclusion mismatch outcome shall be neutralised, where the State is the payer territory, notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, by denying the payer a deduction for the payment for the purposes of domestic tax, to the extent a corresponding amount has not been included for the purposes of foreign tax.

Payment by hybrid entity deduction without inclusion mismatch outcome

835AM.(1) Subject to subsection (2), a payment by a hybrid entity deduction without inclusion mismatch outcome shall arise in respect of a payment by a hybrid entity where—

 - (b) the satisfaction of the condition described in paragraph (a) is attributable to the payment being disregarded under the laws of the payee territory.
- (2) A payment by a hybrid entity deduction without inclusion mismatch outcome shall not arise to the extent the payment referred to in subsection (1) is, or would be, deductible against dual inclusion income.
- (3) A payment by a hybrid entity deduction without inclusion mismatch outcome shall be neutralised as follows:
- (a) where the State is the payer territory, notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, the payer shall be denied a deduction for the payment for the purposes of domestic tax, to the extent a corresponding amount has not been included for the purposes of foreign tax;

corporation tax.

Withholding tax mismatch outcome

835AO.(1) A withholding tax mismatch outcome shall arise where—

- (a) an entity enters into a hybrid transfer (within the meaning of Chapter 4), and
 - (b) it is reasonable to consider that the purpose of the hybrid transfer is to secure relief for more than one party to the hybrid transfer in respect of an amount of tax withheld at source.
- (2) A withholding tax mismatch outcome shall, notwithstanding anything in Schedule 24 to the contrary, be neutralised by the relief available in respect of an amount of tax withheld at source being reduced by the following fraction—

$$A/B$$

A is the profit of the entity from the hybrid transfer on which domestic tax finally falls to be borne, and

B is the gross income of the entity under the hybrid transfer.

Chapter 7

Tax residency mismatch

Application of Chapter 7

835AP. This Chapter applies to a company which is within the charge to—

- (a) corporation tax, because it is tax resident in the State under the laws of the State, and
- (b) foreign tax in a territory other than the State, because it is regarded as tax resident in that territory under the tax laws of that territory.

Tax residency double deduction mismatch outcome

835AQ.(1) A tax residency double deduction mismatch outcome shall arise where—

- (a) there is, or but for this section would be, a double deduction arising in respect of a payment, to the extent the amount of the deduction is not, or would not be, deductible against dual inclusion income, and
 - (b) the satisfaction of the condition described in paragraph (a) is attributable to the company being within the charge to both corporation tax and foreign tax.
- (2) Subject to subsection (3), a tax residency double deduction mismatch outcome shall be neutralised—
- (a) where the other territory within which the company is subject to a charge to tax is a Member State, with the government of which

arrangements having the force of law by virtue of section 826(1) have been made, and under those arrangements the company is tax resident in that Member State,

(b) where—

(i) the other territory within which the company is subject to a charge to tax is not a Member State, and

(ii) under arrangements, having the force of law by virtue of section 826(1), with the government of that other territory—

(I) the company is not tax resident in the State, or

(II) the company is tax resident in the State but a deduction has not been denied in the other territory through the operation of a provision similar to this Chapter,

or

(c) where the other territory within which the company is subject to a charge to tax is not a territory referred to in paragraph (a) or (b),

notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, by the company being denied a deduction for the purposes of domestic tax for so much of the payment as corresponds to the mismatch outcome which has not been neutralised in another territory.

(3) Where the tax residence of a company must be determined by mutual agreement between the competent authorities of both territories which are party to an arrangement referred to in subsection (2)(a) or (b), then any adjustment to the return, filed pursuant to section 959I, required to give effect to subsection (2) shall be made without unreasonable delay upon that agreement, notwithstanding any time limits in Part 41A.

Chapter 8

and

- (ii) under which there is a payment by a company established in the State to a payee established in a state that is not a Member State.

Imported mismatch outcome

835AS.(1) An imported mismatch outcome shall arise where it would be reasonable to consider that—

- (a) a company referred to in section 835AR(a) enters into a transaction, or series of transactions, involving a mismatch outcome where a payment by that company directly or indirectly funds the mismatch outcome, and
- (b) the mismatch outcome has not been neutralised by the application of a provision similar to this Part in another territory.
- (2) An imported mismatch outcome shall, notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, be neutralised by the company being denied a deduction for the purposes of domestic tax for so much of the payment as corresponds to the mismatch outcome which has not been neutralised in another territory.
- (3) In determining, for the purposes of subsection (1) whether a mismatch outcome has arisen from a transaction or series of transactions, this Part, other than this Chapter, shall be applied as if ‘domestic tax’ and ‘foreign tax’ were defined as follows:

‘domestic tax’ means a tax chargeable on profits or gains, under the laws of a territory in which an entity is established, that is similar to income tax, corporation tax (including a charge under Part 35B) or capital gains tax;

‘foreign tax’ means a tax chargeable on profits or gains, under the laws of a territory in which the entity is not established, that is similar to income tax, corporation tax (including a charge under Part 35B) and capital gains tax.

 - (c) the mismatch outcome has not been neutralised through the application of a provision similar to this Part in another territory.
- (2) A structured arrangement mismatch outcome shall, notwithstanding any other provision of the Tax Acts and the Capital Gains Tax Acts, be neutralised by the taxpayer being denied a deduction for the purposes of domestic tax for so much of the payment as corresponds to the mismatch outcome which has not been neutralised in another territory.
- (3) In determining, for the purposes of subsection (1) whether a mismatch outcome has arisen from a transaction or series of transactions, this Part, other than this Chapter, shall be applied as if ‘domestic tax’ and ‘foreign tax’ were defined as follows:

‘domestic tax’ means a tax chargeable on profits or gains, under the laws of a territory in which an entity is established, that is similar to income tax, corporation tax (including a charge under Part 35B) or capital gains tax;

‘foreign tax’ means a tax chargeable on profits or gains, under the laws of a territory in which the entity is not established, that is similar to income tax, corporation tax (including a charge under Part 35B) and capital gains tax.

Chapter 10

Carry forward

Carry forward

835AV. To the extent a deduction has been denied under this Part (the ‘denied amount’) in respect of a tax period of an entity, the entity may make a claim requiring that the denied amount be set off for the purposes of domestic tax against any dual inclusion income in succeeding tax periods of the entity and amounts so carried forward shall be relieved first against profits or gains of an earlier tax period in advance of profits or gains of a later tax period.

‘relevant losses’ means, in relation to an investment limited partnership—

- (i) any losses sustained by the investment limited partnership, being losses which would constitute an allowable loss in the hands of a person resident in the State including losses which would so constitute allowable losses if all assets concerned were chargeable assets and no exemption from capital gains tax applied, to the extent that such losses exceed any relevant gains, and
- (ii) any losses or deficiencies sustained by the investment limited partnership, being losses or deficiencies which if they arose to an individual resident in the State would in the hands of the individual constitute losses for the purposes of income tax, to the extent that such losses or deficiencies exceed any relevant income,

as appropriate.

(b) For the purpose of this section the definitions of ‘relevant gains’, ‘relevant income’ and ‘relevant payment’ in section 739B(1) shall apply to an investment limited partnership as they apply to an investment undertaking—

(i) as if references to ‘unit’ and ‘unit holder’ were references to ‘partnership interest’ and ‘partner’, respectively, in each place where they occur, and

(ii) with any other necessary modifications.”,

(b) by substituting the following for subsection (2):

“(2) (a) Notwithstanding anything in the Acts and subject to subsection (3), an investment limited partnership shall not—

income or a relevant payment, or

- (ii) be entitled to accrue relevant losses.
- (b) For the purposes of the Acts, relevant income, relevant gains and relevant losses, as the case may be, in relation to an investment limited partnership shall be treated as arising, or, as the case may be, accruing, to each partner of the investment limited partnership in accordance with the apportionment of such relevant income, relevant gains or relevant losses under the terms of the partnership agreement, as if the relevant income, relevant gains or relevant losses had arisen or, as the case may be, accrued, to the partner in the investment limited partnership without passing through the hands of the investment limited partnership.
- (c) Where for any period the aggregate of the respective amounts (in this paragraph referred to as the ‘aggregate’) of the relevant income and relevant gains which under paragraph (b) are taken as arising or accruing to each partner in the investment limited partnership is less than the full amount of the relevant income and relevant gains arising or accruing to the investment limited partnership for that period, then the amount of the difference (in this paragraph referred to as the ‘balance’) between that full amount and the aggregate shall be treated as arising or accruing to the general partner, and where there is more than one general partner then the balance shall be apportioned between the general partners in equal shares.”,

and

- (c) in subsection (3)—
 - (i) in paragraph (a)—
 - (I) by substituting “relevant income, relevant gains and relevant losses” for “relevant profits”, and
 - (II) by deleting “in respect of units in the investment limited partnership”,
 - (ii) in paragraph (b) by substituting “partner” for “unit holder”, and
 - (iii) in paragraph (b)(ii) by substituting “relevant income, relevant gains and relevant losses” for “relevant profits”.
- (2) *Subsection (1)* shall apply in respect of an investment limited partnership that has been granted an authorisation under section 8 of the Investment Limited Partnerships Act 1994 on or after 1 January 2020.

Amendment of section 1035A of Principal Act (relieving provision to section 1035)

(Markets in Financial Instruments) Regulations 2017 (S.I. No. 375 of 2017)” for “section 18 of the Stock Exchange Act 1995”, and

- (b) in paragraph (a)(ii)—
- (i) by substituting “a relevant Member State (within the meaning of section 835I(1))” for “another Member State”,
 - (ii) by substituting “Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014⁷” for “Council Directive 93/22/EEC of 10 May 1993”, and
 - (iii) by inserting “and which provides one, or more, investment service through a branch or agency in the State pursuant to the European Union (Markets in Financial Instruments) Regulations 2017,” after “revoked,”.
