- (2) According to the Conclusions of the European Council meeting in Tampere on 15 and 16 October 1999, and in particular point 36 thereof, the principle of mutual recognition should apply to pre-trial orders. The programme of measures to implement the principle of mutual recognition in criminal matters addresses mutual recognition of supervision measures in its measure 10.
- (3) The measures provided for in this Framework Decision should aim at enhancing the protection of the general public through enabling a person resident in one Member State, but subject to criminal proceedings in a second Member State, to be supervised by the authorities in the State in which he or she is resident whilst awaiting trial. As a consequence, the present Framework Decision has as its objective the monitoring of a defendants' movements in the light of the overriding objective of protecting the general public and the risk posed to the public by the existing regime, which provides only two alternatives: provisional detention or unsupervised movement. The measures will therefore give further effect to the right of law-abiding citizens to live in safety and security.
- (4) The measures provided for in this Framework Decision should also aim at enhancing the right to liberty and the presumption of innocence in the European Union and at ensuring cooperation between Member States when a person is subject to obligations or supervision pending a court decision. As a consequence, the present Framework Decision has as its objective the promotion, where appropriate, of the use of non-custodial measures as an alternative to provisional detention, even where, according to the law of the Member State concerned, a provisional detention could not be imposed *ab initio*.

<sup>1</sup> Opinion not yet published in the Official Journal.

- (5) As regards the detention of persons subject to criminal proceedings, there is a risk of different treatment between those who are resident in the trial state and those who are not: a non-resident risks being remanded in custody pending trial even where, in similar circumstances, a resident would not. In a common European area of justice without internal borders, it is necessary to take action to ensure that a person subject to criminal proceedings who is not resident in the trial state is not treated any differently from a person subject to criminal proceedings who is so resident.
- (6) The certificate, which should be forwarded together with the decision on supervision measures to the competent authority of the executing State, should specify the address where the person concerned will stay in the executing State, as well as any other relevant information which might facilitate the monitoring of the supervision measures in the executing State.
- (7) The competent authority in the executing State should inform the competent authority in the issuing State of the maximum length of time, if any, during which the supervision measures could be monitored in the executing State. In Member States in which the supervision measures have to be periodically renewed, this maximum length of time has to be understood as the total length of time after which it is legally not possible anymore to renew the supervision measures.
- (8) Any request by the competent authority in the executing State for confirmation of the necessity to prolong the monitoring of supervision measures should be without prejudice to the law of the issuing State, which applies to the decision on renewal, review and withdrawal of the decision on supervision measures. Such a request for confirmation should not oblige the competent authority in the issuing State to take a new decision to prolong the monitoring of supervision measures.
- (9) The competent authority in the issuing State should have jurisdiction to take all subsequent decisions relating to a decision on supervision measures, including ordering a provisional detention. Such provisional detention might, in particular, be ordered following a breach of the supervision measures or a failure to comply with a summons to attend any hearing or trial in the course of criminal proceedings.
- (10) In order to avoid unnecessary costs and difficulties in relation to the transfer of a person subject to criminal proceedings for the purposes of a hearing or a trial, Member States should be allowed to use telephone- and videoconferences.
- (11) Where appropriate, electronic monitoring could be used for monitoring supervision measures in accordance with national law and procedures.
- (12) This Framework Decision should make it possible that supervision measures imposed on the person concerned are monitored in the executing State, while ensuring the due course of justice and, in particular, that the person concerned will be available to stand trial. In case the person concerned does not return to the issuing State voluntarily, he or she may be surrendered to the issuing State in accordance with Council Framework Decision 2002/584/JHA of 13 June 2002 on the European Arrest Warrant and the surrender procedures between Member States <sup>(2)</sup> (hereinafter referred to as the ‘Framework Decision on the European Arrest Warrant’).

---

2 OJ L 190, 18.7.2002, p. 1

- (13) While this Framework Decision covers all crimes and is not restricted to particular types or levels of crime, supervision measures should generally be applied in case of less serious offences. Therefore all the provisions of the Framework Decision on the European Arrest Warrant, except Article 2(1) thereof, should apply in the situation when the competent authority in the executing State has to decide on the surrender of the person concerned. As a consequence, also Article 5(2) and (3) of the Framework Decision on the European Arrest Warrant should apply in that situation.
- (14) Costs relating to the travel of the person concerned between the executing and issuing States in connection with the monitoring of supervision measures or for the purpose of attending any hearing are not regulated by this Framework Decision. The possibility, in particular for the issuing State, to bear all or part of such costs is a matter governed by national law.
- (15) Since the objective of this Framework Decision, namely the mutual recognition of decisions on supervision measures in the course of criminal proceedings, cannot be sufficiently achieved by the Member States acting unilaterally and can therefore, by reason of its scale and effects, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 2 of the Treaty on European Union and Article 5 of the Treaty establishing the European Community. In accordance with the principle of proportionality, as set out in that Article, this Framework Decision does not go beyond what is necessary in order to achieve that objective.
- (16) This Framework Decision respects fundamental rights and observes the principles recognised, in particular, by Article 6 of the Treaty on European Union and reflected by the Charter of Fundamental Rights of the European Union. Nothing in this Framework Decision should be interpreted as prohibiting refusal to recognise a decision on supervision measures if there are objective indications that it was imposed to punish a person because of his or her sex, race, religion, ethnic origin, nationality, language, political convictions or sexual orientation or that this person might be disadvantaged for one of these reasons.
- (17) This Framework Decision should not prevent any Member State from applying its constitutional rules relating to entitlement to due process, freedom of association, freedom of the press, freedom of expression in other media and freedom of religion.
- (18) The provisions of this Framework Decision should be applied in conformity with the right of the Union's citizens to move and reside freely within the territory of the Member States, pursuant to Article 18 of the Treaty establishing the European Community.
- (19) Personal data processed when implementing this Framework Decision should be protected in accordance with Council Framework Decision 2008/977/JHA of 27 November 2008 on the protection of personal data processed in the framework of police and judicial cooperation in criminal matters <sup>(3)</sup> and in accordance with the principles laid down in the Council of Europe Convention of 28 January 1981 for the Protection of Individuals with regard to Automatic Processing of Personal Data, which all Member

States have ratified,

HAS ADOPTED THIS FRAMEWORK DECISION:

*Article 1*

**Subject matter**

This Framework Decision lays down rules according to which one Member State recognises a decision on supervision measures issued in another Member State as an alternative to provisional detention, monitors the supervision measures imposed on a natural person and surrenders the person concerned to the issuing State in case of breach of these measures.

*Article 2*

**Objectives**

1. The objectives of this Framework Decision are:
  - (a) to ensure the due course of justice and, in particular, that the person concerned will be available to stand trial;
  - (b) to promote, where appropriate, the use, in the course of criminal proceedings, of non-custodial measures for persons who are not resident in the Member State where the proceedings are taking place;
  - (c) to improve the protection of victims and of the general public.
2. This Framework Decision does not confer any right on a person to the use, in the course of criminal proceedings, of a non-custodial measure as an alternative to custody. This is a matter governed by the law and procedures of the Member State where the criminal proceedings are taking place.

*Article 3*

**Protection of law and order and the safeguarding of internal security**

This Framework Decision is without prejudice to the exercise of the responsibilities incumbent upon Member States with regard to the protection of victims, the general public and the safeguarding of internal security, in accordance with Article 33 of the Treaty on European Union.

*Article 4*

**Definitions**

For the purposes of this Framework Decision:

- (a) ‘decision on supervision measures’ means an enforceable decision taken in the course of

criminal proceedings by a competent authority of the issuing State in accordance with its national law and procedures and imposing on a natural person, as an alternative to provisional detention, one or more supervision measures;

- (b) ‘supervision measures’ means obligations and instructions imposed on a natural person, in accordance with the national law and procedures of the issuing State;
- (c) ‘issuing State’ means the Member State in which a decision on supervision measures has been issued;

#### *Article 6*

### **Designation of competent authorities**

1. Each Member State shall inform the General Secretariat of the Council which judicial authority or authorities under its national law are competent to act according to this Framework Decision in the situation where that Member State is the issuing State or the executing State.
2. As an exception to paragraph 1 and without prejudice to paragraph 3, Member States may designate non-judicial authorities as the competent authorities for taking decisions under this Framework Decision, provided that such authorities have competence for taking decisions of a similar nature under their national law and procedures.
3. Decisions referred to under Article 18(1)(c) shall be taken by a competent judicial authority.
4. The General Secretariat of the Council shall make the information received available to all Member States and to the Commission.

### **Recourse to a central authority**

1. Each Member State may designate a central authority or, where its legal system so provides, more than one central authority to assist its competent authorities.
2. A Member State may, if it is necessary as a result of the organisation of its internal judicial system, make its central authority(ies) responsible for the administrative transmission and reception of decisions on supervision measures, together with the certificates referred to in Article 10, as well as for all other official correspondence relating thereto. As a consequence,

all communications, consultations, exchanges of information, enquiries and notifications between competent authorities may be dealt with, where appropriate, with the assistance of the central authority(ies) of the Member State concerned.

3. Member States wishing to make use of the possibilities referred to in this Article shall communicate to the General Secretariat of the Council information relating to the designated central authority or central authorities. These indications shall be binding upon all the authorities of the issuing Member State.

#### *Article 8*

### **Types of supervision measures**

1. This Framework Decision shall apply to the following supervision measures:
  - (a) an obligation for the person to inform the competent authority in the executing State of any change of residence, in particular for the purpose of receiving a summons to attend a hearing or a trial in the course of criminal proceedings;
  - (b) an obligation not to enter certain localities, places or defined areas in the issuing or executing State;

3. The General Secretariat of the Council shall make the information received under this Article available to all Member States and to the Commission.

*Article 9***Criteria relating to the Member State to which the decision on supervision measures may be forwarded**

1. A decision on supervision measures may be forwarded to the competent authority of the Member State in which the person is lawfully and ordinarily residing, in cases where the person, having been informed about the measures concerned, consents to return to that State.
2. The competent authority in the issuing State may, upon request of the person, forward the decision on supervision measures to the competent authority of a Member State other than the Member State in which the person is lawfully and ordinarily residing, on condition that the latter authority has consented to such forwarding.
3. When implementing this Framework Decision, Member States shall determine under which conditions their competent authorities may consent to the forwarding of a decision on supervision measures in cases pursuant to paragraph 2.
4. Each Member State shall make a statement to the General Secretariat of the Council of the determination made under paragraph 3. Member States may modify such a statement at any time. The General Secretariat shall make the information received available to all Member States and to the Commission.

*Article 10***Procedure for forwarding a decision on supervision measures together with the certificate**

1. When, in application of Article 9(1) or (2), the competent authority of the issuing State forwards a decision on supervision measures to another Member State, it shall ensure that it is accompanied by a certificate, the standard form of which is set out in Annex I.
2. The decision on supervision measures or a certified copy of it, together with the certificate, shall be forwarded by the competent authority in the issuing State directly to the competent authority in the executing State by any means which leaves a written record under conditions allowing the executing State to establish their authenticity. The original of the decision on supervision measures, or a certified copy of it, and the original of the certificate, shall be sent to the executing State if it so requires. All official communications shall also be made directly between the said competent authorities.
3. The certificate shall be signed, and its content certified as accurate, by the competent authority in the issuing State.
4. The certificate referred to in paragraph 1 of this Article shall include, apart from the measures referred to in Article 8(1), only such measures as notified by the executing State in accordance with Article 8(2).
5. The competent authority in the issuing State shall specify:
  - (a) where applicable, the length of time to which the decision on supervision measures applies and whether a renewal of this decision is possible;

and

(b) on an indicative basis, the provisional length of time for which the monitoring of the supervision measures is likely to be needed, taking into account all the circumstances of the case that are known when the decision on supervision measures is forwarded.

6. The competent authority in the issuing State shall forward the decision on supervision measures together with the certificate only to one executing State at any one time.

7. If the competent authority in the executing State is not known to the competent authority in the issuing State, the latter shall make all necessary inquiries, including via the contact points of the European Judicial Network set up by Council Joint Action 98/428/JHA of 29 June 1998 on the creation of a European Judicial Network <sup>(4)</sup>, in order to obtain the information from the executing State.

8. When an authority in the executing State which receives a decision on supervision measures together with a certificate has no competence to recognise that decision, this authority shall, *ex officio*, forward the decision together with the certificate to the competent authority.

#### *Article 11*

#### **Competence over the monitoring of the supervision measures**

1. As long as the competent authority of the executing State has not recognised the decision on supervision measures forwarded to it and has not informed the competent authority of the issuing State of such recognition, the competent authority of the issuing State shall remain competent in relation to the monitoring of the supervision measures imposed.

2. If competence for monitoring the supervision measures has been transferred to the competent authority of the executing State, such competence shall revert back to the competent authority of the issuing State:

- (a) where the person concerned has established his/her lawful and ordinary residence in a State other than the executing State;
- (b) as soon as the competent authority in the issuing State has notified withdrawal of the certificate referred to in Article 10(1), pursuant to Article 13(3), to the competent authority of the executing State;
- (c) where the competent authority in the issuing State has modified the supervision measures and the competent authority in the executing State, in application of Article 18(4)(b), has refused to monitor the modified supervision measures because they do not fall within the types of supervision measures referred to in Article 8(1) and/or within those notified by the executing State concerned in accordance with Article 8(2);
- (d) when the period of time referred to in Article 20(2)(b) has elapsed;
- (e) where the competent authority in the executing State has decided to stop monitoring the supervision measures and has informed the competent authority in the issuing State thereof, in application of Article 23.

---

4 OJ L 191, 7.7.1998, p. 4.

3. In cases referred to in paragraph 2, the competent authorities of the issuing and executing States shall consult each other so as to avoid, as far as possible, any discontinuance in the monitoring of the supervision measures.

#### *Article 12*

##### **Decision in the executing State**

1. The competent authority in the executing State shall, as soon as possible and in any case within 20 working days of receipt of the decision on supervision measures and certificate, recognise the decision on supervision measures forwarded in accordance with Article 9 and following the procedure laid down in Article 10 and without delay take all necessary measures for monitoring the supervision measures, unless it decides to invoke one of the grounds for non-recognition referred to in Article 15.

2. If a legal remedy has been introduced against the decision referred to in paragraph 1, the time limit for recognition of the decision on supervision measures shall be extended by another 20 working days.

3. If it is not possible, in exceptional circumstances, for the competent authority in the executing State to comply with the time limits laid down in paragraphs 1 and 2, it shall immediately inform the competent authority in the issuing State, by any means of its choosing, giving reasons for the delay and indicating how long it expects to take to issue a final decision.

4. The competent authority may postpone the decision on recognition of the decision on supervision measures where the certificate provided for in Article 10 is incomplete or obviously does not correspond to the decision on supervision measures, until such reasonable time limit set for the certificate to be completed or corrected.

#### *Article 13*

##### **Adaptation of the supervision measures**

1. If the nature of the supervision measures is incompatible with the law of the executing State, the competent authority in that Member State may adapt them in line with the types of supervision measures which apply, under the law of the executing State, to equivalent offences. The adapted supervision measure shall correspond as far as possible to that imposed in the issuing State.

2. The adapted supervision measure shall not be more severe than the supervision measure which was originally imposed.

3. Following receipt of information referred to in Article 20(2)(b) or (f), the competent authority in the issuing State may decide to withdraw the certificate as long as monitoring in the executing State has not yet begun. In any case, such a decision shall be taken and communicated as soon as possible and within ten days of the receipt of the relevant notification at the latest.

*Article 14***Double criminality**

1. The following offences, if they are punishable in the issuing State by a custodial sentence or a measure involving deprivation of liberty for a maximum period of at least three years, and as they are defined by the law of the issuing State, shall, under the terms of this Framework Decision and without verification of the double criminality of the act, give rise to recognition of the decision on supervision measures:

- participation in a criminal organisation,
- terrorism,
- trafficking in human beings,
- sexual exploitation of children and child pornography,
- illicit trafficking in narcotic drugs and psychotropic substances,
- illicit trafficking in weapons, munitions and explosives,

- illicit trafficking in nuclear or radioactive materials,
- trafficking in stolen vehicles,
- rape,
- arson,

2. The Council may decide to add other categories of offences to the list in paragraph 1 at any time, acting unanimously after consultation of the European Parliament under the conditions laid down in Article 39(1) of the Treaty on European Union. The Council shall examine, in the light of the report submitted to it pursuant to Article 27 of this Framework Decision, whether the list should be extended or amended.

3. For offences other than those covered by paragraph 1, the executing State may make the recognition of the decision on supervision measures subject to the condition that the decision relates to acts which also constitute an offence under the law of the executing State, whatever the constituent elements or however it is described.

4. Member States may, for constitutional reasons, on the adoption of this Framework Decision, by a declaration notified to the General Secretariat of the Council, declare that they will not apply paragraph 1 in respect of some or all of the offences referred to in that paragraph. Any such declaration may be withdrawn at any time. Such declarations or withdrawals of declarations shall be published in the *Official Journal of the European Union*.

#### *Article 15*

### **Grounds for non-recognition**

1. The competent authority in the executing State may refuse to recognise the decision on supervision measures if:

- (a) the certificate referred to in Article 10 is incomplete or obviously does not correspond to the decision on supervision measures and is not completed or corrected within a reasonable period set by the competent authority in the executing State;
- (b) the criteria laid down in Article 9(1), 9(2) or 10(4) are not met;
- (c) recognition of the decision on supervision measures would contravene the *ne bis in idem* principle;
- (d) the decision on supervision measures relates, in the cases referred to in Article 14(3) and,

where the executing State has made a declaration under Article 14(4), in the cases referred to in Article 14(1), to an act which would not constitute an offence under the law of the executing State; in tax, customs and currency matters, however, execution of the decision may not be refused on the grounds that the law of the executing State does not prescribe any taxes of the same kind or does not contain any tax, customs or currency provisions of the same kind as the law of the issuing State;

- (e) the criminal prosecution is statute-barred under the law of the executing State and relates to an act which falls within the competence of the executing State under its national law;
- (f) there is immunity under the law of the executing State, which makes it impossible to monitor supervision measures;
- (g) under the law of the executing State, the person cannot, because of his age, be held criminally responsible for the act on which the decision on supervision measures is based;
- (h) it would, in case of breach of the supervision measures, have to refuse to surrender the person concerned in accordance with Council Framework Decision 2002/584/JHA of 13 June 2002 on the European arrest warrant and the surrender procedures between Member States <sup>(6)</sup> (hereinafter referred to as the ‘Framework Decision on the European Arrest Warrant’).

2. In the cases referred to in paragraph 1(a), (b) and (c), before deciding not to recognise the decision on supervision measures, the competent authority in the executing State shall communicate, by appropriate means, with the competent authority in the issuing State and, as necessary, request the latter to supply without delay all additional information required.

3. Where the competent authority in the executing State is of the opinion that the recognition of a decision on supervision measures could be refused on the basis of paragraph 1 under (h), but it is nevertheless willing to recognise the decision on supervision measures and monitor the supervision measures contained therein, it shall inform the competent authority in the issuing State thereof providing the reasons for the possible refusal. In such a case, the competent authority in the issuing State may decide to withdraw the certificate in accordance with the second sentence of Article 13(3). If the competent authority in the issuing State does not withdraw the certificate, the competent authority in the executing State may recognise the decision on supervision measures and monitor the supervision measures contained therein, it being understood that the person concerned might not be surrendered on the basis of a European Arrest Warrant.

#### *Article 16*

### **Law governing supervision**

The monitoring of supervision measures shall be governed by the law of the executing State.

---

<sup>6</sup> OJ L 190, 18.7.2002, p. 1.

*Article 17***Continuation of the monitoring of supervision measures**

Where the time period referred to in Article 20(2)(b) is due to expire and the supervision measures are still needed, the competent authority in the issuing State may request the competent authority in the executing State to extend the monitoring of the supervision measures, in view of the circumstances of the case at hand and the foreseeable consequences for the person if Article 11(2)(d) would apply. The competent authority in the issuing State shall indicate the period of time for which such an extension is likely to be needed.

The competent authority in the executing State shall decide on this request in accordance with its national law, indicating, where appropriate, the maximum duration of the extension. In these cases, Article 18(3) may apply.

*Article 18***Competence to take all subsequent decisions and governing law**

1. Without prejudice to Article 3, the competent authority in the issuing State shall have jurisdiction to take all subsequent decisions relating to a decision on supervision measures. Such subsequent decisions include notably:

- (a) renewal, review and withdrawal of the decision on supervision measures;
- (b) modification of the supervision measures;
- (c) issuing an arrest warrant or any other enforceable judicial decision having the same effect.

2. The law of the issuing State shall apply to decisions taken pursuant to paragraph 1.

3. Where required by its national law, a competent authority in the executing State may decide to use the procedure of recognition set out in this Framework Decision in order to give effect to decisions referred to in paragraph 1(a) and (b) in its national legal system. Such a recognition shall not lead to a new examination of the grounds of non-recognition.

4. If the competent authority in the issuing State has modified the supervision measures in accordance with paragraph 1(b), the competent authority in the executing State may:

- (a) adapt these modified measures in application of Article 13, in case the nature of the modified supervision measures is incompatible with the law of the executing State;

or

- (b) refuse to monitor the modified supervision measures if these measures do not fall within the types of supervision measures referred to in Article 8(1) and/or within those notified by the executing State concerned in accordance with Article 8(2).

5. The jurisdiction of the competent authority in the issuing State pursuant to paragraph 1 is without prejudice to proceedings that may be initiated in the executing State against the person concerned in relation with criminal offences committed by him/her other than those on which the decision on supervision measures is based.

*Article 19***Obligations of the authorities involved**

1. At any time during the monitoring of the supervision measures, the competent authority in the executing State may invite the competent authority in the issuing State to provide information as to whether the monitoring of the measures is still needed in the circumstances of the particular case at hand. The competent authority in the issuing State shall, without delay, reply to such an invitation, where appropriate by taking a subsequent decision referred to in Article 18(1).
2. Before the expiry of the period referred to in Article 10(5), the competent authority in the issuing State shall specify, ex officio or at the request of the competent authority in the executing State, for which additional period, if any, it expects that the monitoring of the measures is still needed.
3. The competent authority in the executing State shall immediately notify the competent authority in the issuing State of any breach of a supervision measure, and any other finding which could result in taking any subsequent decision referred to in Article 18(1). Notice shall be given using the standard form set out in Annex II.
4. With a view to hearing the person concerned, the procedure and conditions contained in instruments of international and European Union law that provide for the possibility of using telephone- and videoconferences for hearing persons may be used *mutatis mutandis*, in particular where the legislation of the issuing State provides that a judicial hearing must be held before a decision referred to in Article 18(1) is taken.
5. The competent authority in the issuing State shall immediately inform the competent authority in the executing State of any decision referred to in Article 18(1) and of the fact that a legal remedy has been introduced against a decision on supervision measures.
6. If the certificate relating to the decision on supervision measures has been withdrawn, the competent authority of the executing State shall end the measures ordered as soon as it has been duly notified by the competent authority of the issuing State.

*Article 20***Information from the executing State**

1. The authority in the executing State which has received a decision on supervision measures, which it has no competence to recognise, together with a certificate, shall inform the competent authority in the issuing State to which authority it has forwarded this decision, together with the certificate, in accordance with Article 10(8).
2. The competent authority in the executing State shall, without delay, inform the competent authority in the issuing State by any means which leaves a written record:
  - (a) of any change of residence of the person concerned;
  - (b) of the maximum length of time during which the supervision measures can be monitored in the executing State, in case the law of the executing State provides such a maximum;

- (c) of the fact that it is in practice impossible to monitor the supervision measures for the reason that, after transmission of the decision on supervision measures and the certificate to the executing State, the person cannot be found in the territory of the executing State, in which case there shall be no obligation of the executing State to monitor the supervision measures;
- (d) of the fact that a legal remedy has been introduced against a decision to recognise a decision on supervision measures;
- (e) of the final decision to recognise the decision on supervision measures and take all necessary measures for the monitoring of the supervision measures;
- (f) of any decision to adapt the supervision measures in accordance with Article 13;
- (g) of any decision not to recognise the decision on supervision measures and to assume responsibility for monitoring of the supervision measures in accordance with Article 15, together with the reasons for the decision.

#### *Article 21*

#### **Surrender of the person**

1. If the competent authority of the issuing State has issued an arrest warrant or any other enforceable judicial decision having the same effect, the person shall be surrendered in accordance with the Framework Decision on the European Arrest Warrant.
2. In this context, Article 2(1) of the Framework Decision on the European Arrest Warrant may not be invoked by the competent authority of the executing State to refuse to surrender the person.
3. Each Member State may notify the General Secretariat of the Council, when transposing this Framework Decision or at a later stage, that it will also apply Article 2(1) of the Framework Decision on the European Arrest Warrant in deciding on the surrender of the person concerned to the issuing State.
4. The General Secretariat of the Council shall make the information received under paragraph 3 available to all Member States and to the Commission.

#### *Article 22*

#### **Consultations**

1. Unless impracticable, the competent authorities of the issuing State and of the executing State shall consult each other:
  - (a) during the preparation, or, at least, before forwarding a decision on supervision measures together with the certificate referred to in Article 10;
  - (b) to facilitate the smooth and efficient monitoring of the supervision measures;
  - (c) where the person has committed a serious breach of the supervision measures imposed.
2. The competent authority in the issuing State shall take due account of any indications

communicated by the competent authority of the executing State on the risk that the person concerned might pose to victims and to the general public.

3. In application of paragraph 1, the competent authorities of the issuing State and of the executing State shall exchange all useful information, including:

- (a) information allowing verification of the identity and place of residence of the person concerned;
- (b) relevant information extracted from criminal records in accordance with applicable legislative instruments.
