EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation)

The European Communities (Passenger Car Entry into Service) Regulations 2003 (S.I. No. 552 of 2003) implemented in Ireland entry into service provisions of a number of European Community Directives which deal with the type approval/entry into service of motor vehicles. The relevant EC Directives are listed in Schedule 2 to those Regulations.

Subsequent Regulations have been made amending S.I. No. 552 of 2003, the latest being S.I. No. 541 of 2006, by substituting a new Schedule 2 to take account of further directives subsequently adopted.

These Regulations further amend S.I. No. 552 of 2003, as amended by S.I. No. 541 of 2006, by substituting a new Schedule 2 to give effect in Irish law to the following additional Directives of the European Parliament and of the Council in regard to entry into service for passenger cars:

Directive 2005/64/EC (relating to the reusability, recyclability and recoverability of vehicles) and

Directive 2006/40/EC (relating to emissions from air-conditioning systems in motor vehicles).
